To make an EU-payment at a low cost, it is necessary to use the correct BIC and IBAN information.

* BIC In order to identify Financial Institutions unambiguously, SWIFT developed the Bank Identifier Code. The BIC in particular enhances STP in cross-border financial messages. BIC was adopted by the International Organization for Standardization (ISO). ISO has appointed SWIFT as the registration authority for the assignment of BICs (ISO 9362) and for the publication of BICs in the BIC Directory.

* IBAN The International Bank Account Number is an international standard for identifying bank accounts across national borders.
